Dear Parents and Carers,

Transition Information Update

We hope that you have all received your log-in links for My Child at School (MCAS) and have started to fill in the data collection forms. Please remember to add everyone with parental responsibility and your emergency contacts. Do contact us if you have had a problem with this and we will assist.

In the last couple of weeks, it has been fantastic getting out to visit some of our feeder primary schools and meeting the Year 6s. We still have visits to make over the next few weeks, to introduce ourselves to your child and reassure them about their transition to Kingstone High School.

We want to get to know each and every child that is joining us and in order to help that process we have created an online form. The information provided will be shared with relevant staff involved in transition, pastoral care and teaching support. It will be used to help us plan appropriate support for your child – just click on the link below:

[Getting Ready for Year 7 at Kingstone High School – Fill in form](#)

Please complete the form together with your child and answer as openly as you feel able. If you are unsure about anything, please do not hesitate to contact

Mrs Williams Head of Year 7: rwilliams@kingstoneacademy.co.uk or
Mrs Morris, Pastoral Lead for Year 7: lmorris@kingstoneacademy.co.uk

We look forward to meeting parents and their children on transition evening on **Wednesday 1st July at 6pm at Kingstone High School.**

The following day, **Thursday 2nd July**, is the county-wide Year 6 Transition Day. On this day, your child will experience a “day in the life” of a Kingstone student. We very much look forward to meeting you and your child on the transition days, and to welcoming you into our school community.

Kind regards,

Mr Matthew Morris
Head of School
