

5<sup>th</sup> February 2026

Dear Parents and Carers,

As we approach the **second and final round of Year 11 mock examinations**, we would like to take this opportunity to thank you for your continued support in preparing students for this important stage of their GCSE journey. These mock exams play a crucial role in helping us identify strengths, highlight areas for further development, and put in place appropriate interventions ahead of the summer examination series.

To support students in their revision, we have now uploaded **revision checklists** and **premade revision timetables** to the school website. These resources are designed to help students structure their study time effectively and ensure full coverage of the key topics within each subject. We strongly encourage all students to make use of these tools as part of their preparation.

The mock examinations will begin in the **week commencing 16<sup>th</sup> of March**. The exams will follow the formal timetable below and will be conducted under full exam conditions. We ask for your support in ensuring that students arrive well-prepared, with the correct equipment, and ready to give their best effort. Attendance during this period is vital, as missed exams may not be possible to re-sit.

Following the mock exams, students will receive detailed feedback from their teachers to help guide their revision in the lead-up to the final GCSE examinations. This information will also help us provide targeted support where needed.

Thank you once again for your continued support. If you have any questions regarding the mock examinations or available revision resources, please do not hesitate to contact me.

Kind regards

**Alex Holmyard**

Assistant Headteacher – Quality of Education and Assessment
